ShiftTree Team Working Agreement

- Meet on Tuesday and Thursday, at least one of these in person and the other online
- Another meeting online whenever possible on Monday, Wednesday, or Friday
- Attend our weekly TA meeting (Tuesday @ 11:30)
- Frequently update github tasks page with the current status of your tasks
- Update scrum board whenever possible (lower priority than GH tasks)
- Format your code prior to each commit
- Ensure there are no unresolved linter errors, type errors, or unused imports in the files before merging a pull request
- Organize your imports: libraries -> line space -> imports from files we wrote
- Do not commit directly to main
- Do not merge your own pull requests into main
- Notify the team before self-assigning/picking up a new task
- Consult with Noah (PO) before implementing any design changes
